

# Class Activities Summary

By Alanis Zayas

# April 15 & 17

On these days we wrote a 4-line verse poem, with some words the teacher provided for us, as well as sharing a situation we surpassed, I wrote about my father's cancer, and how we as a family surpassed it. I liked the poem I created, I think it was very powerful and meaningful. Today Alanis Avilés, Fabian Torres & Julian Pagán presented their presentations on the poets they chose. I know Alanis pointed it out but I thought it was quite cool how we were both named Alanis and we both made our poet's presentations on poets with the same names! (Elizabeth Bishop was hers, and Elizabeth Browning is mine)

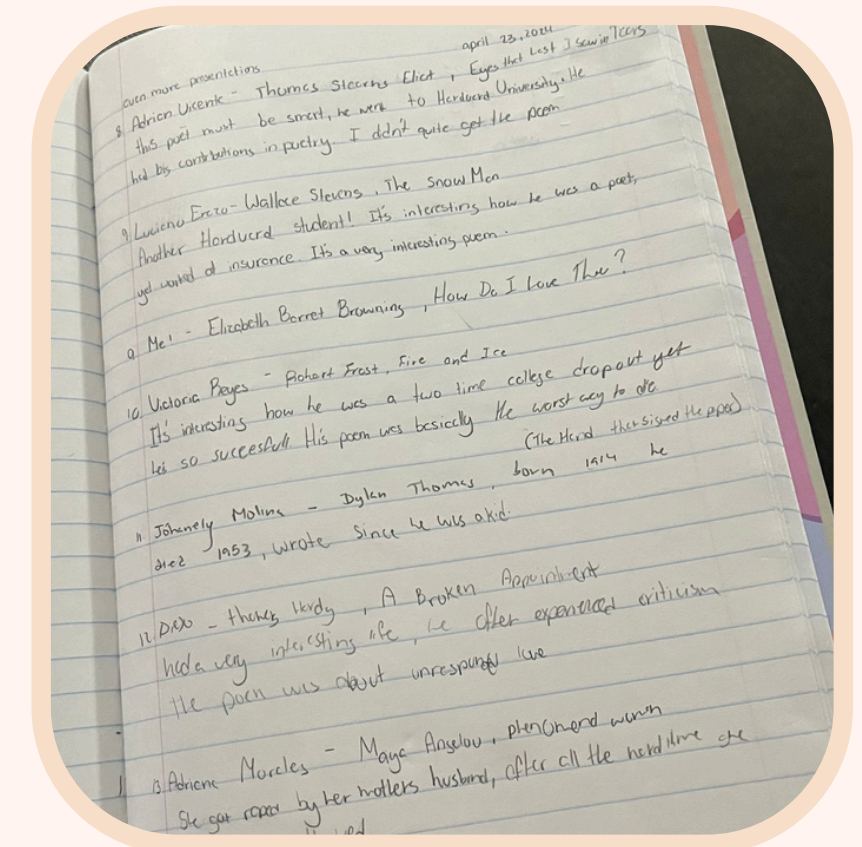

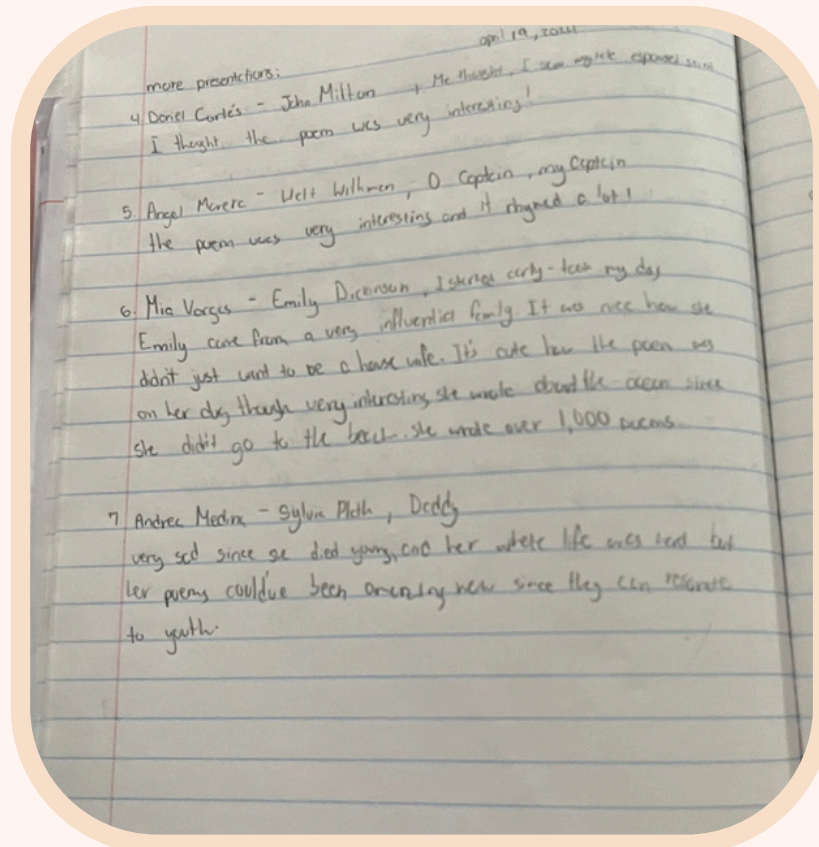

# April 19 & 23

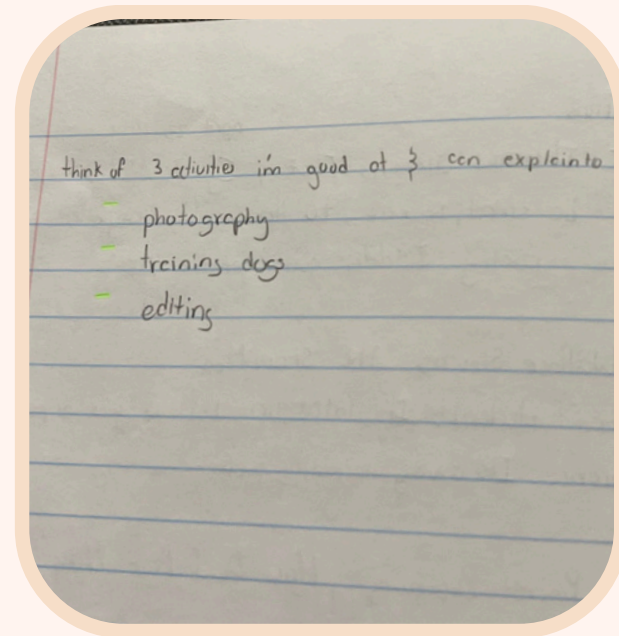

On these days we kept presenting our poet's presentations, quite a few people presented such as Dariel Cortés, Angel Morera, Mia Vargas, Andrea Medina, Adrian Vicente, Luciano Erazo, Victoria Reyes, Johanelys Molina, Diego Ortega, Adriana Morales, and on the 23rd I presented mine, which was with Elizabeth Barret Browning. They all had very interesting presentations, and very pretty visuals, yet the one who most caught my attention I think was Andrea because of the content, her poet was Sylvia Plath, she had quite a sad life yet I think her poems can resonate quite a lot with the problems that today's youth confront. I also am very proud of my presentation and I especially love the poem I decided to recite, its beautiful.

# April 25 & 29

In the few remaining minutes of the last class, we had discussed at least 3 things we were doing, I wasn't too sure what to pick but definitely after knowing it was to create a "How-to..." video, I knew I wanted to do a trick training video tutorial with my dog. So on these days, we started working on an outline for our Demonstrative Speech presentations. I love this assignment since it allows us to be creative and have a lot of freedom in how we can do these presentations.

Demonstrative Speech Outline

# May 1 & 3

On these days we started working on the “English Closing Summary” assignment, as well as some classmates presented their demonstrative Speech presentations as well, and so did I. I loved my presentation it was very fun to make, the only thing not so fun was staying up till 4 A.M. editing my video + helping Victoria Reyes do and edit hers. I also really liked Andreas How-to video that she made it looked very tasty!

# Conclusion

These class days have made me feel a bit sad since the classes are ending soon and English is one of my favorite periods. I loved how creative we were these days and how we all got to present and show how to do something we enjoy. It was also very interesting learning about all those poets and hearing a few of their poems. I'm definitely sad the school year is ending yet happy it happened since I got to have such an amazing teacher like Molina as well as some amazing classmates, definitely going to miss this.
