INTRODUCTION

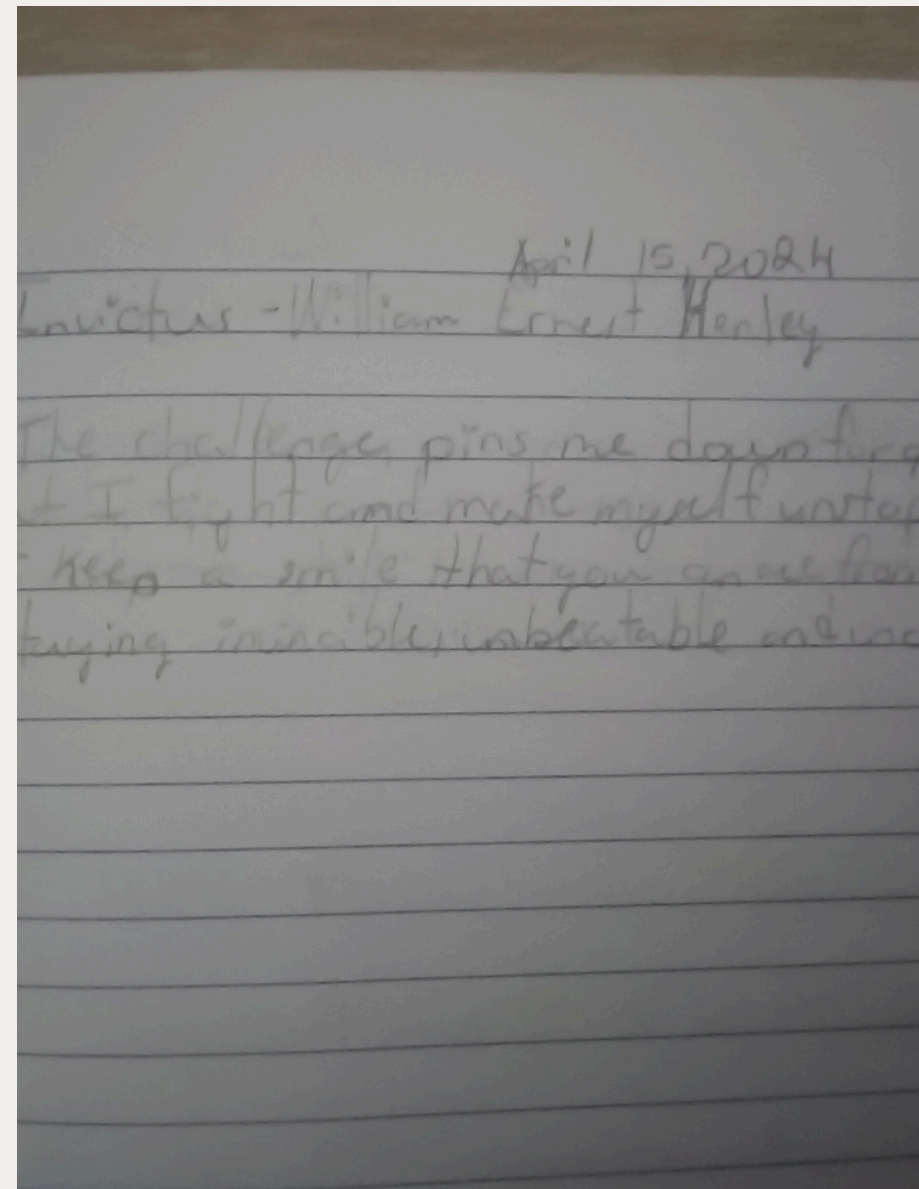

This is officially the last class activities presentation, I was definitely not expecting this to be the last one, I'm truly going to miss doing this because I'm pretty sure that I won't be doing this in Adianez. I didn't realize how near we are to the end of this school year and also last school year of Beato. I'm going to be melancholic when I see this presentations again.

APRIL 15 & 17

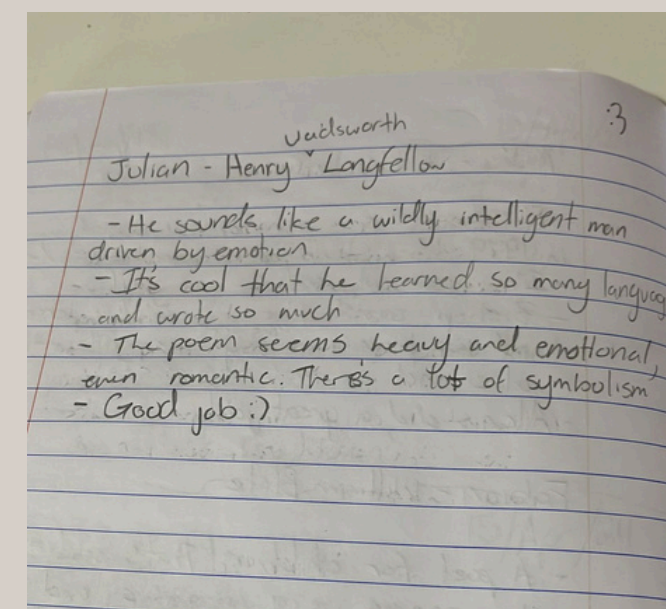

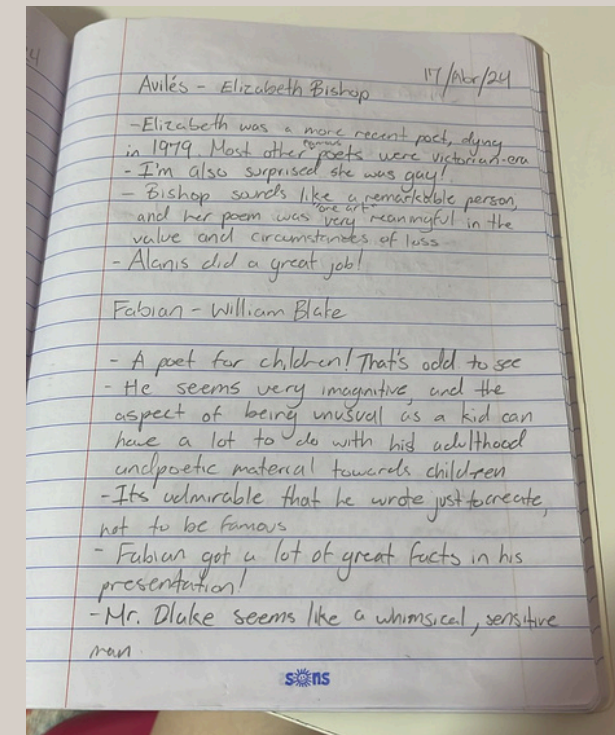

April 15 - Learn about William Ernest Henley and we did a poem, it was fun and I think it was the easiest poem I did from the hundreds I did before.

April 17 - I was absent because I had an appointment but I sadly miss 3 of the presentations of the poets.

I. How to

TITLE: How to make Oreo Cheesecake in cups for 3 people

II. Steps

- Ingredients needed:
 - Oreo's, this is the main ingredient of course, I recommend getting a family size pack of Oreos because we are going to use approximately twenty Oreo's for this delicious dessert.
 - Butter, you can choose the type you want, in my case, I'm going to use two tablespoons of spreadable butter.
 - Cream cheese, I will use one and a half of two boxes of Philadelphia cream cheese of 8 ounces each because I'm doing it for three cups.
 - And finally, 4 to 5 tablespoons of powdered sugar.

During this unexpected last year of school in Beato, I realize that most of my favorite activities were done during the gothic lesson, I personally think that this was the time of more variety in activities, powerpoints in which I learned a lot about many things of gothic history specially architecture, oral presentations, some acting here and there and writing our own gothic tale that I'm really proud of, if I had to choose 3 all year favorite activities it would be: the gothic original tale, I love how mi could write anything i wanted without any restrictions since that is the point, mystery, misery, horror and trauma those are elements that were presented in my tale and I loved the process of making it. Mini acting of act one of the Crucible, I got to work with my closest friends, Adriana and Mia and It was really fun to do some acting because is something that I am really passionate about, and finally, the analysis of Mitch Albom's novel The Five People You Meet in Heaven, I'm pretty sure i have expressed this many times already but I absolutely loved the novel and analyzing it was not stressful at all, it did not feel like work that i had to do, I just enjoyed it. I always lived with knowing a lot of English but struggled with writing and speaking correctly, through this whole year I can guarantee that I have learned a lot of words I didn't know before. This year was full of learning new things, doing a lot of powerpoints, oral presentations, acting and of course, a lot of laughs. I had a great time during this year and I wouldn't change this experience for nothing in this world.

MAY 1 & 3

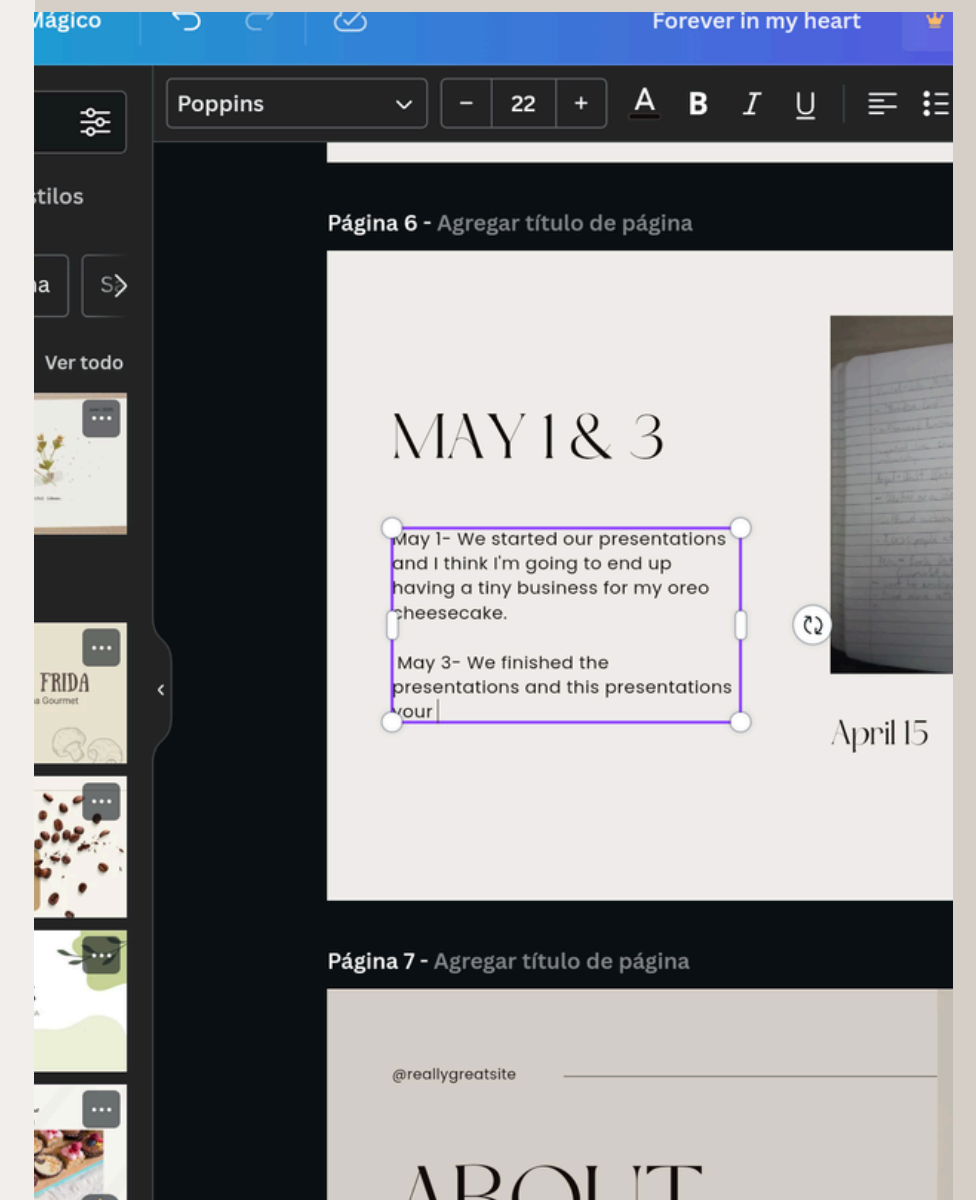

May 1- We started our presentations and I think I'm going to end up having a tiny business for my oreo cheesecake.

May 3- We finished the presentations and also finished the one you have been seen this whole time jejeje.

CONCLUSION

Wow, what a long way we have went through! I'm going to be honest, I'm still not ready for this to end and for what is coming but I sadly don't have any choice, classes like this have made me change my perspective in a class, an English class can be entertaining while educational at the same time. I'm really grateful to you Molina for being such an amazing teacher, I may have had hard times with the projects, audios, podcasts, reviews, presentation, etc., but I know for a fact this has created so much memories and I have learn a lot from it. Thank you Molina for showing me that English class is more than just the language and it can be a class full of laughs, smiles and lots of creativity. Thank you and I will always have you in my heart. 🧡❤️
